LEWIS AND CLARK RATES.

Western Pacific Announces Sales Dates and Prices.

Walla Walla, Dec. 7.—Official announcement of the rates to the Lewis and Clark exposition to be held at Portland next year, was received by the local office of the Northern Pacific today. The rates will be as follows: From St. Paul, \$45; from Milwaukee, \$45; from St. Louis, \$45; from Chicago, \$45; from St. Paul, \$45; from Milwaukee, \$45; from St. Louis, \$45; from Chicago, \$45.

The single fare rate will be granted on return trip tickets from all points east of Chicago. There is no announcement of this fact in the circular received today, but it is understood that this rate will apply.

The following have been named as dates of sales: May 23, 24, 25; June 13, 14, 15, 27, 28, 29; July 6, 7, 9, 11, 12, 13, 20, 26, 27; August 15, 16, 17, 28, 29, 31; September 12, 13, 14, 26, 27 and 28.

The final return limit of all tickets will be 30 days from the date of sale, but no ticket shall be honored after September 30. The rate that will be granted from this territory to Portland has not yet been announced, but it is stated that some reduction in the regular fare will be granted.

This reduction will probably be agreed upon by the lines themselves that operate in this territory. The rates from eastern points to the fair are the lowest that have ever been put into effect to the coast, and it is thought that they will have the effect of bringing a great many people west who would not otherwise come.

DISCUSSES RATES.

Special Session of the Court of Honor at Springfield.

Springfield, Ill., Dec. 7.—The Supreme Court of Honor, a fraternal organization founded in 1895, and which has a membership of about 75,000, began a special session in this city to decide upon the question of raising the rates of the order.

The order has at present \$100,000,000 in insurance in force. The officials state that it is in splendid financial condition and that the increase in rates is not necessary immediately, but that it is regarded as wise to take the step now in anticipation of the time when the mortuary demands will be greater than the resources of the mortuary fund.

Those in attendance at the meeting include representatives of the state courts of Illinois, South Dakota, Ohio, Colorado, California, Nebraska, Minnesota, Michigan, Kansas, Iowa and Indiana.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost sense of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Drug-gists sell it for 50 cents. Ely Brothers, 55 Warren street, New York, will mail it.

Boston Institute Celebrates.

Boston, Dec. 7.—The 100th birthday of William Barton Rogers, the founder of the Boston Institute of Technology, was celebrated by that institution today. Commemorative addresses were delivered by a number of educators of wide note.

According to an official report just issued, total prohibition prevails in 100 of 248 counties of Texas, and partial prohibition is in effect in 57 additional counties.
